

Free boiler booklet

Topog-E Gasket Co. is offering a free booklet that details important facts about boilers in 15 illustrated pages.

With an accent on safe operation of properly installed no-leak rubber gas-

kets, this booklet covers boilers from research on rubber formulations to steam-safety pop valves. Another premium available free from the company is its handy pocket slide rule, a palm-sized device that can chart steam temperatures up to 380°F with corresponding psi up to 1,000 lbs. **Topog-E Gasket Co., (800) 527-7123; www.topog-e.com.**
